#1 Selling and Best Value

Easy-to-use and modestly priced, yet so comprehensive you won't outgrow it. Quite simply, Family Tree Maker™ is the best value you'll find. Here's why:

Saves Time — Helps Find Your Ancestors

Now Family Tree Maker does more than print beautiful family trees — the Deluxe Edition actually helps you find your relatives. A project that normally involves weeks of library visits and letter writing will now be both easier and faster.

First, we give you a remarkable headstart on finding ancestors with the FamilyFinder. This amazing new feature lists the names of **100 million** deceased people who appear in state and federal records. While it doesn't contain actual records, it does tell you **exactly** where to find information about each person in the list.

You'll speed up your family search by weeks without ever leaving your desk! The FamilyFinder references **dozens** of important sources from genealogy libraries around the country including:

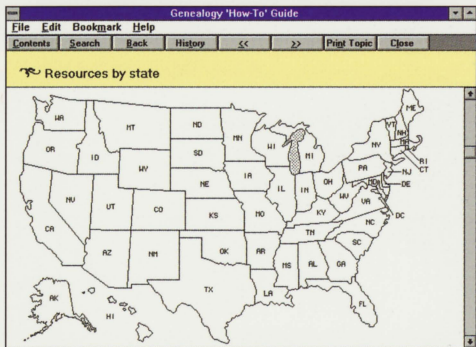

- U.S. Census Records Indexes 1790 - 1880
- Selected Marriage Records Indexes 1600 - 1950
- Selected State Land Records Indexes
- Social Security Death Benefit Records

With FamilyFinder you'll know exactly where to look, so it's easy to go to these sources for more information. Use them at a library or purchase them from us in CD-ROM format to save even more time and hassle.

Step-by-Step Guide to Genealogy

To make your family tree project even easier, Family Tree Maker also includes an on-line guide to finding your ancestors. It's perfect for beginners who want to know how to start, whom to contact, what to ask, and more.

- Helps with research in this country and abroad!
- Has form letters for requesting information.

The Step-by-Step Guide has hundreds of tips and fact screens to help you find your ancestors. For example, click on a map for instant facts, such as the address of any state or county records office.

Easiest to Use

Once you have entered a few names, a mouse click allows you to view and print family trees, birthday calendars, mailing labels, and much more.

Easy to get started — simply enter names and basic facts about parents and children. The program automatically memorizes repeated facts, such as city names, and fills them in as you type.

Organizes Everything!

Enter up to **two MILLION** relatives. And there's no limit to what you can record for each person:

- Store basic facts in the Family Page. It even handles multiple marriages and non-traditional families.
- Organize **dozens** of additional facts about each person in the More About Pages. Record education, hobbies, medical history, and more.
- Include photos in each person's Scrapbook.
- Record heart-warming family stories in the 15 pages of free-form notes per person.

Largest Variety of Trees and Reports

Your family trees and reports will be rewarding and enlightening. And what a wonderful way to pass your family heritage on to your children!

- **Ancestor and Descendant Trees** print in 10 beautiful styles with your choice of facts.
- **Kinship Report** automatically calculates all relationships in your family!
- **Birthday and Anniversary Calendars**
- **Hundreds of Reports** including medical history, longevity, and more. Select whatever facts you wish for each column-style report.
- **Family Group Sheets and Individual Fact Sheets**
- **Scrapbook Pages** print in a variety of photo album layouts.
- **Mailing Labels, Cards, and Name Tags**
- **Family Books** are easy to create with Batch Print.

Satisfaction Guaranteed

- **30-day, money-back guarantee** — No questions asked.
- **Free telephone support** — Just call 510-794-6850.

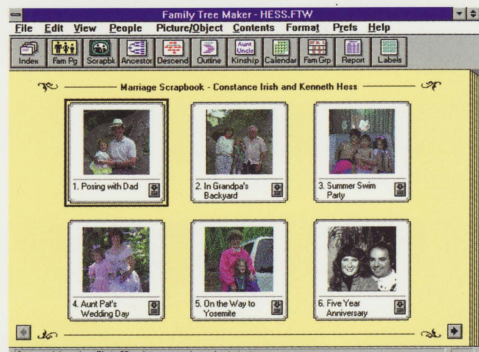

"Many Americans have toyed with exploring their family tree, but are put off by the size of the task...Well, blow the dust off the old files. Family Tree Maker Deluxe Edition, I'm happy to report, is ready to help you tackle the job... Discovering your roots has never been easier."
