## STANDARD EDITION III

PRESERVE MEMORIES EASILY ❖ FIND ANCESTORS QUICKLY

The Family Page stores basic information such as names and dates. The program memorizes repeated facts and fills them in as you type.

Two Social Security Death Index CDs give you birth date, death date, Social Security number, and other vital information for 55 million people.

### The #1 selling family history program

Use *Family Tree Maker* to preserve memories easily and find ancestors quickly. The program organizes nearly any kind of information, and helps you discover new branches of your family tree with genealogy databases and federal records. When you're ready to create a printed record, *Family Tree Maker* gives you a wide selection of heirloom-quality books, trees, and reports.

### Start by entering what you already know

Just enter the names of a few of your relatives — fill in birthdays, anniversaries, hobbies, stories, medical histories, and anything else you know. You'll be glad to finally have all this information organized safely in one place.

### Find your ancestors quickly

Dig deeper into your family's past with *Family Tree Maker's* lineup of CD-ROM and Internet databases. On Standard Edition III's 4 CDs, we guarantee you will find valuable references to your ancestors. No other program even comes close to offering this much inside the box!

- **FamilyFinder™ Index (2 CDs)** — References 130 million people listed in birth, marriage, census, and other records dating from the 1600s to present.

- **Social Security Death Index (2 CDs)** — A massive database of vital information on 55 million individuals who died between 1937 and 1996.

### Capture your family history in beautiful printouts

*Family Tree Maker* produces a wide variety of heirloom-quality trees and reports:

- **Family books** create a complete chronicle of your family history with trees, reports, cherished stories, pictures, Table of Contents, Index, and more.

- **Ancestor and descendant trees** print in 10 different formats — apply decorative borders, box styles, fonts, and colors for extra flair.

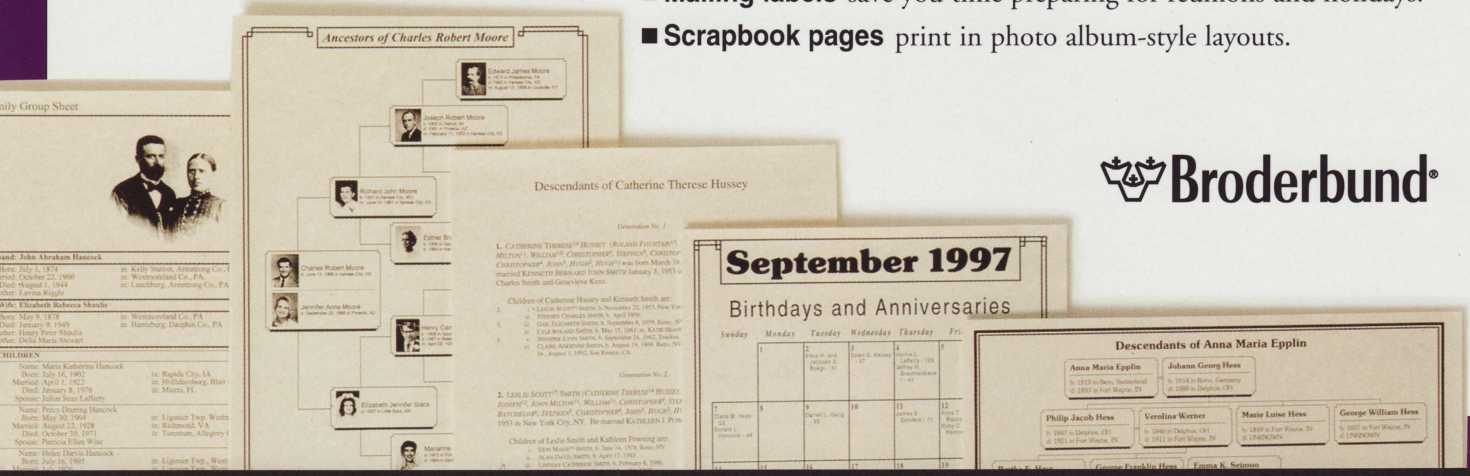

- **Custom reports** present overviews of family groups, kinship, and more.

- **Genealogy reports** weave narrative stories from the facts you've recorded.

- **Elegant calendars** help you remember birthdays and anniversaries.

- **Mailing labels** save you time preparing for reunions and holidays.

- **Scrapbook pages** print in photo album-style layouts.

### ▼ Create multimedia family albums

Your family's true character is much more than names and dates alone. With *Family Tree Maker's* multimedia Scrapbook, you can capture the heart-warming sights, sounds, and stories that bring the past to life. The Scrapbook stores thousands of photos, video and audio clips, and scanned documents — so you can dazzle your family with on-screen family slide shows and print colorful album-style Scrapbook pages.

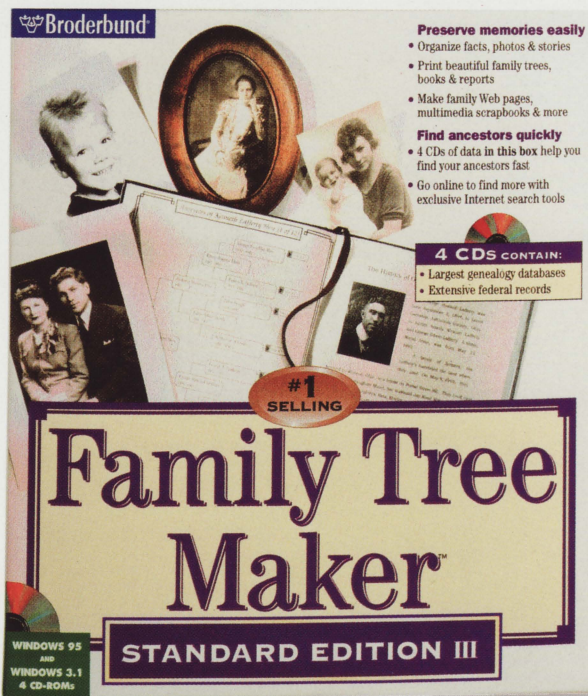

### ▼ Explore your family history online

*Family Tree Maker's* companion Web site offers a host of complimentary resources and services. It features engaging articles on a variety of topics designed to help you find your ancestors and preserve your family information. The site also offers the Internet FamilyFinder™. This cutting-edge search engine radically reduces the time it takes to find valuable genealogy information on the Internet. It hunts through thousands of Internet sites for you and automatically brings important information about your heritage straight back to you.

### ▼ Publish a Web page and InterneTree™

Fill out a simple form at Family Tree Maker Online™ to instantly create a free Web page for your family. The Internet provides one of the best opportunities to share your family history with relatives (those you know as well as those you hope to find). Then, jazz up your Web page by attaching an InterneTree. Based on state-of-the-art Java™ technology, the InterneTree displays your family tree graphically on the Internet.

### FAMILY ARCHIVE CDs

The FamilyFinder Index helps you learn exactly where to find historical records on millions of individuals. In fact, detailed information from one of the FamilyFinder's major sources — the Social Security Death Index — is included in Family Tree Maker Standard Edition III.

To save you time and hassle as you extend your research, we have more details from the rest of the FamilyFinder's sources available on CD-ROM for separate purchase. The collection includes:

- Marriage Indexes
- Land Records
- Census Indexes
- Military Records
- Reference Volumes
- Family Histories
