DIRECTOR'S COMMENTS

Bill Lisby - Director

Dick Cowin-Asst. Director

I am sure that each of you who have attended our first two clinics will join me in complimenting Bob Housel and Dick Hess on the job they are doing. "Our racer" is coming along fine. It's being built slowly and clearly enough for all to follow. If you new boys aren't keeping pace with Mr. Housel, I would suggest you make every effort to do so.

Is it true that the youth of Trumbull County are afraid of competition? We should have twice as many boys signed up by now than we actually do. I challenge each of you to prove my original question is untrue by getting just one of your friends to sign up and get in on the fun. It couldn't be that your afraid he'll beat you, could it? By the way, one of you is going to get a brand new bicycle from Dilley's just because he got more boys to sign up than anyone else. You could be the one.

Do you know any ex-derby boys who are now too old to race? Would you ask them if they are still interested in keeping active in the derby- and if so to give me a call? This includes you past champions.

See you at the clinic on Friday the 18th.

-DERBY CONTESTANTS WHO NEED A SPONSOR-

All derby contestants are expected to make an effort to obtain their own sponsor. Don't stop if you are turned down once, try again- if you still do not find a sponsor please call Richard P. Cowin - Office- EX-93790- Home- EX-53442. I would also like to hear from any person or company that would be willing to sponsor a boy and has not been contacted by a derby contestant yet.

FROM THE CHIEF INSPECTOR- Ed Phelps

Advisors have been assigned to most boys. They will soon be calling on you. You NEED to work on your racer before you NEED an advisor. Our clinics are very helpful for the new boys as far as rules, step-by-step construction, etc., are concerned. "Old Timers" SHOULD attend also.

Brake rubber will be passed out SOON. Are you ready? Bring any of your problems to the next Clinic - March 18, 1966 - 7:30 P.M. at West Jr. High. See you there.
